Why Choose Nevis? Saint Kitts and Nevis is a small country in the West Indies, and forms part of the Lesser Antilles. Strategically located 200 km southeast of Miami, USA, the island is a popular weekend getaway for those traveling from US, Canada and UK to enjoy pristine sandy beaches under the mild Caribbean sun all year round. The country is a democracy with the Queen of England being a Head of State. Truly English-speaking country has been one of the first to introduce economic citizenship program to the world more than 30 years ago allowing foreigners to get full right of residency in the island in exchange for a number of investment programs.

Citizenship Investor Program: Economic citizenship offered by the smallest of Caribbean islands in 1984 is one of the most simple and transparent involving an investment of \$250,000 granting a foreign applicant with a citizenship. On average procedure takes 3-6 months and doesn't require visiting sandy shores of St Kitts and Nevis. Among the major benefits is a visa-free travel to more than 130 countries worldwide, including Europe, generous financial advantages include no personal income taxes, and the island's remote location in the West Indies is an existing safe haven for both business expansion and family security as well as an ideal travel destination for a demanding traveler.
